Principals Message from my desk

We had a lovely surprise last Wednesday afternoon to receive a phone call from the French family. I was able to put the phone in the classroom on speaker and the students chatted with firstly Thomas, who was very excited about winning the National title with the NSW Under 12 team. We also then spoke with Mitchell and finally with Charlie. They are all having a wonderful time and we are looking forward to hearing about all their adventures and experiences next week.

The NSW Mixed Team which Pat plays for also went through the tournament undefeated, a fantastic effort.

Aunty Marg Berg and Sue Bulger, on behalf of the Traditional Custodians National Parks, NSW, presented the school with an extremely generous cheque of $500 last Thursday in appreciation of the wonderful morning tea they were supplied with when the Governor visited our school. When this amazing group of people from right across the state offered to contribute towards the cost of the morning tea I had no idea that this was the amount we would receive. Their generosity will be put towards assisting our students in our environmental activities.

Yesterday we travelled to Wagga for Circus Quirkus. Unfortunately the performers were held up on their way to Wagga so we were unable to see the full show. However the three acts that we did see were excellent and were all new to our students. Christof, the clown, who binds the show together, performed a much longer section than I am used to seeing (while the performers were unpacking) and kept the large audience engaged. The students enjoyed having a wander around the zoo at the Botanical Gardens and a play on the great playground equipment before having lunch and going to the show.

This Friday is National Tree Planting Day and we are planning to plant some more native trees kindly supplied by Tumut Landcare after recess at 11:30 am. Anyone who wants to join us is most welcome.

Enjoy your week,

Jen

**CIRCUS QUIRKUS**

On Monday 21st July Brungle Public School went to Circus Quirkus in Wagga. It was at the Mater Dei Primary School. They were late because they got stuck in Canberra traffic. But Christof the Clown entertained us by doing funny things. He dressed a girl up like him and played tricks with balloons. He got 3 people from the crowd and he got a mini bike and pretended to have a race. He made a gun out of balloons and popped it to make the sound of a gun going off. Then the rest of the Circus people got there. Chris the cleaner swept up the popped balloons and then he did some tricks with the broom. Then all of the people came out and said ‘Hi’.

Then the three Zimboyz did acrobats and then a girl that was acting like a Barbie doll did hula hooping. Next a man came out and juggled 7 balls. Then the Zimboyz came out again and did more tricks.

Then we had to go because they were late arriving we only saw a little bit of the whole show. And it was terrific.
