Principals Message from my desk

Term 1 Week 6

I am very pleased to finally be back doing the job that I love. Unfortunately family personal health worries have taken much of my time since before Christmas so it was fabulous to finally have some answers last Friday.

Although I have only been at the end of the telephone I really appreciate the wonderful job that Mrs Pearce, Miss Sini, Jill, Jodi and Mrs Stewart have done in my absence. Their dedication towards our school and students is outstanding and deserves recognition. Already this term there have been some great activities and noteworthy achievements.

This Thursday we welcome Ganmain Public School in what we hope will be the first of many school cultural visits to Brungle this year.

We are having a change of guitar lesson day, with lessons starting on Mondays with Julie Ramos. She will be teaching two lessons, a session each with junior and senior students.

This Friday I will be attending a Principals’ Network Meeting in Wagga whilst Mrs Pearce, Jodi & the students enjoy the wonderful Writers’ Day at Jugiong.

Have a great week,

Jen

Don’t forget:
• Library on Wednesday.
• Fruit to share for fruit break

Quote of the Week
Every accomplishment starts with the decision to try.

The kids enjoy their Fruit break each morning around 10:00 am
Thank you for sending in something to share each day.

**DOJO Winner**

**CONGRATULATIONS**

Shadae

Winner for the week
With 24 points
Well Done!

---

**Electricity Survey**

Anyone wishing to complete this survey online you are welcome to come up to the School on Tuesday, Wednesday or Thursday and Jill can help you with this. You do need to bring an electricity bill with you.

---

**Removing head lice and nits**

Mention head lice and most of us instantly develop an itch. While head lice and nits, (the eggs of head lice) are certainly annoying and persistent, they’re not dangerous. Here’s everything you need to know to rid your kids of head lice and nits.

**Good Number Sense**

Maths is a numbers game but for some students - and parents - the figures don’t add up. Here are some strategies to help kids to work out sums in their heads in a way that makes sense to them.
