Term 1 Week 8

Principals Message from my desk

Term 1 Week 8

Last Thursday I worked intensively on our school plan. It was an extremely busy day and I was able to make considerable progress with our three strategic directions. I will be spending another planning day this Thursday at Gundagai, where, again with the valuable assistance of Kerry Barker, our Principal Liaison Officer, I am hopeful of having the plan virtually finished and ready to discuss with Toni Macdonald, our director, on Wednesday 1st April.

The Life Education Van returns to Brungle on the 1st April and we will be joined by Bongongo PS for the day. Mrs Pearce is organising the activities for this day. Our school will pay the cost for our students to attend.

Last Monday at the Tumut AECG meeting Aunty Sue Bulger tabled a proposal for Wiradjuri language lesson for local indigenous students to be held at Brungle. This program will be discussed again at the next meeting, when possible participating schools have had a chance to assess what the program will provide for their eligible students.

Term 1 Week 8

Guitar lessons with Julie Ramos continued this morning, with Miss Sini accompanying the students to the first lesson and myself participating in the second lesson. I have decided to learn along with the students, but have a long way to go before I am as competent as they are!

Enjoy your week,

Jen

Don’t forget:
• Library on Wednesday.
• Fruit to share for fruit break

Quote of the Week

**Easter Egg Fun**

Easter is a celebration that is about far more than just chocolate. Try this fun idea that is colourful, creative and delicious.

Hard boil as many eggs as you would like. Simply place the eggs in a saucepan of cold water and bring to the boil. Boil for 8 minutes. After 8 minutes, remove the hot eggs and allow to cool in a bowl of cold water. You’re now ready to decorate.

Choose some brightly coloured, non-toxic poster paint. Grab some paintbrushes and get creative. Use an empty toilet roll to balance the egg as the paint dries.

The eggs can be used in an Easter egg hunt, for a festive lunchbox or as a small gift for friends, family or teachers. Remember to store the painted eggs in the fridge and consume within 7 days.
